RECOVER RE-EMPLOY REBUILD

Workforce Solutions of the Coastal Bend (WFSCB) has received targeted funding to help people affected by Hurricane Harvey. The *Hurricane Harvey Relief Initiative* is designated to rebuild impacted cities, counties, schools and other eligible damaged property.

This initiative provides a basis to ensure an effective workforce response system to create temporary jobs by assisting with clean-up, recovery and humanitarian efforts in the Coastal Bend region.

Provided by the Workforce Innovation and Opportunity Act (WIOA) National Dislocated Worker (NDW) Disaster Grant, these funds support the temporary employment needs in specific counties by working with government and community based organizations to identify qualifying jobs and connecting qualifying dislocated workers to fill those jobs.
