POLICY

CATEGORY:	Program Operations	No: 4.0.101.12
TITLE:	Support Services	
SUPERSEDES:	4.0.101.11, dated October 31, 2014	
EFFECTIVE:	June 26, 2020	
BOARD APPROVAL:	June 25, 2020	
LAST REVIEW:	June 25, 2020	

I PURPOSE:

This policy provides guidelines to be followed in administering support services for all Board programs. These guidelines are intended to ensure consistency and fiscal accountability for the management of workforce services and programs.

II DEFINITIONS:

Reasonable costs – A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstance prevailing at the time the decision was made to incur the cost. The question of reasonableness is particularly important when governmental units or components are predominately federally-funded.

III POLICY STATEMENT:

General

Support Services are to be used as a means to assist individuals in obtaining employment and are solely intended for that purpose. All expenses must be reasonable and necessary to assist a participant in achieving the goals of his or her Individual Employment Plan (IEP). Support services are provided to individuals who have barriers to education and training, obtaining, retaining, or advancing in employment, and who require additional assistance to enable them to participate in work-related activities. Provision of services is subject to availability of resources and funding. Support services are coordinated with the employer, when appropriate.

Support services may be provided to eligible and active job seekers enrolled in workforce programs or other special initiatives such as Workforce Innovation and Opportunity Act (WIOA) , Choices for Temporary Assistance for Needy Families (TANF), Supplemental Nutrition Assistance Program Employment and Training (SNAP E&T), Non-Custodial Parent (NCP) Choices programs, and National Dislocated Worker Grants (NDWG).

The need for support services shall be determined by an ongoing assessment with a support

services plan that addresses the need(s), referrals for community services, activities for which the support service is being provided, an estimate of the amount of total funds needed, and the length of time support services will be provided.

Requests for support services shall require a budget worksheet depicting the current financial situation of the individual and shall include an assessment of all financial resources available to the individual including, but not limited to; Pell grants, student loans, scholarships, household income, Medicaid, SNAP E&T, and other sources of assistance. Counselor Notes will state how the determination to issue support service was made; information from budget worksheet must support the counselor note entry.

A Support Service designated as a One-Time Expense is defined as a single payment/purchase, no greater than the established maximum amount, and received once in a twelve-month period.

Resource and Service Coordination

Board funds will be considered a last resource for providing support services. Contracted Service Providers must ensure that support services are not available through other agencies and that they are necessary for the individual to participate in Board funded programs. The Contracted Service Provider must establish linkages for referrals to other community partners prior to using program funds. The Contracted Service Provider must establish procedures addressing coordination with other entities to ensure non-duplication of resources and services and follow up that individual needs were met.

Contracted Service Providers will maintain a complete up-to-date list of services available in the community and make the list available to all individuals. Referrals are to be made, as determined appropriate, to include low-income housing, application for Health and Human Services Commission (HHSC) benefits, low-cost medical assistance, substance abuse treatment, vocational or physical rehabilitation, and other needed services.

Allowable Support Services

The Support Services limits on amounts and duration allowable by the Board are found as an attachment to the policy. This includes limitations on co-enrolled TAA and WIOA Dislocated worker – funded support services as per WD letters referenced in Section V – Related Policy Information. For NDWG, WFSCB reserves the right to implement a support service schedule to quickly implement programs and extend support services to the affected eligible populations and communities named on the specific NDWG. The President/CEO will approve the NDWG support service schedule which may include adjustments to limits on amounts and frequency of allowable support services. The President/CEO may also approve allowable support services to be adjusted on limits for amounts and frequency during a declared health pandemic, economic condition/crisis, or a natural disaster, for program eligible participants.

Car Repairs - Car repairs will be approved only for repairs that would allow a vehicle to be operable and safe to drive. Repairs may include: replacing worn out tires, brakes, batteries, and other essential parts. A guideline to consider in evaluating these repairs is those that are essential for passing a vehicle state inspection. Additionally, one-time maintenance checks for oil and filter change or wheel alignments may also be allowed. Included also under allowable repairs is a diagnostic check for the evaluation of the repairs that are needed and towing charges, if the vehicle is inoperable. The towing

charge may be deducted from the actual repairs if the towing is provided from the same vendor or garage conducting the diagnostic check.

Vehicle repairs are not intended for major repairs such as: replacing air conditioning compressors or major engine/transmission overhauls.

The following rules will be adhered to in request for approval of payment(s) for vehicle repairs:

- Documentation from a vendor that repairs requested are needed for the vehicle to be operable and safe;
- Verification of ownership of vehicle;
- Prepayment is prohibited;
- Payment will be paid directly to vendor after completion of repairs and receipt of invoice;

- Procurement of car repairs will require three (3) written bids; and
- Proof of issuance of current auto insurance

If the vehicle is owned by another individual, the following safeguards must be in place:

- Before inclusion of the vehicle's use in an IEP, a signed statement indicating that the participant has use of the vehicle for employment-related purposes, along with a copy of supporting ownership documentation, must be provided; and
- Before repairing a third-party vehicle, a hold harmless agreement or other protection is signed by the vehicle owner and maintained in the participant's case file.
- Proof of issuance of current auto insurance for owner of vehicle and participant

Certificate of General Equivalence (GED) Testing Payments – The cost of GED testing and certificate is paid through direct payments to the GED test centers and the Texas Education Agency (TEA). Prior to approval of payment, verification will be obtained from the educational provider that the individual is ready for testing.

Child Care - Child care services may be provided to income eligible families who need child care to support their participation in education or work activities as defined in the TWC rules and Board approved Child Care Policies.

Training or Education-Related Expenses - Actual costs of the required items to participate in education and training are allowable and should be listed on the degree plan or syllabi. Such item(s) include uniforms/clothing, equipment/ supplies/tools, drug tests, exams, licenses, certifications, TASP/other exams for admission.

Transportation - Transportation services are provided via the most economical means available. Public transportation agencies or other providers who have contracts or agreements with the Board and/or Contracted Service Providers and are cooperating with efforts to create a regional transportation system should have first priority. In determining the proper use of transportation services, Contracted Service Providers must evaluate the individual's need for transportation services and act prudently in determining the best method or option in terms of availability and cost. Contracted Service Providers shall first look at public transportation as the primary means for transportation such as bus tokens or bus passes. However, if other options are considered such as ride-sharing services, taxi cabs, car pools, and van shuttles (if necessary for large groups), contractor

must include supporting documentation justifying the non-use of public transportation. For example, cases may exist in an emergency or in special circumstances where public transportation cannot meet the individual's needs, such as working late nights or weekends when public transit is not available, or living in remote areas lacking public transportation. Essentially, proper screening of transportation needs must be performed and the latter options used as the last resort.

Car pooling of two or more participants as a means for transportation is encouraged. Each rider may receive a travel allowance and he/she would be responsible for paying the driver.

Other services that fall under the allowable transportation costs include: fees for obtaining a driver's license, state vehicle inspections, auto insurance and a State Issued Identification Card.

Individuals between 18 and 24 years of age are required to complete a driver education course and present the original certificate of completion at the driver license office when obtaining their driver license for the first time. Customers who can show an employment or training-related need, have access to a reliable vehicle upon obtaining their driver license, and include obtaining a driver license in their Individual Employment Plan can receive one-time assistance with the expense.

Housing Assistance- support of housing expenses shall include a plan that demonstrates the customer's ability to pay the remaining balance (if applicable) and the expense in the future without assistance.

Utilities- utilities necessary for daily living such as electricity, water, and gas may be paid together in a single month or for no more than two months and cannot exceed the established maximum amount in a 12 month period. For example, an electric bill and a water bill may both be paid if together they do not exceed the established maximum amount.

Communication Expenses- expenses necessary to assist towards the cost of telephone, cell phone and internet charges. Amount will be applied to basic plans, not additional added features costs.

Work-Related Expenses – Work-related expenses may be paid in advance or as a reimbursement if necessary for a participant to accept or retain employment paying at least the federal minimum wage. Such expenses include those listed on Attachment A- Support Services Limits, Allowable Support Services Column. . More expensive items such as tools and work boots will require verification from the employer that these items are required.

Service Provider(s) must have in place the directive in place outlining the procedures for advancement or reimbursement payments.

Support Services Not Allowed

No program funds will be authorized for reconnection fees, deposits for utilities, communication expenses or housing, long- distance telephone bills, utility bills more than two (2) months past due, traffic fines and/or penalties, damages, and other settlements resulting from violations (or alleged violations), personal vehicle payments, or vehicle title fees (registration).

Limits and Other Support Services

Exception requests for supportive services that exceed Board limits may be submitted to Board President/CEO, Deputy Director, or designee. These requests must be submitted **prior to** payment request with written justification on a case by case basis.

Board professionals also reserve the right to make final determinations regarding this policy based on changes to federal/state laws and regulations, program guidelines, or Board discretion.

For NDWG, WFSCB reserves the right to implement a support service schedule to quickly implement programs and extend support services to the affected eligible populations and communities named on the specific NDWG. The President/CEO will approve the NDWG support service schedule which may include adjustments to limits on amount and frequency of allowable support services.

The President/CEO may also approve allowable support services to be adjusted on limits for amounts and frequency during a declared economic condition/crisis and/or a natural disaster, for program eligible participants.

Methods of Payment

No payment of support services, with the exception of reimbursements, will be made directly to the participant. Receipts are required and must be maintained for all reimbursements. All other payments are payable directly to the vendor after receipt of invoice. Payment methods are limited to gas cards, credit card payments, checks and incentive cards. Other payment methods not listed, must be pre-approved by WFSCB Chief Financial Officer.

Service Provider must ensure protocols are in place for issuing support services to an individual other than the participant. At a minimum these protocols must address hardship or extenuating circumstances to document the issuance.

Termination of Support Services

Support services are terminated based on the following reasons:

- Immediately upon determination of failure to meet program requirements;
Support service system is being abused;
- Support service funding is not available;
- Individual is making unsatisfactory progress;
- Re-determination of financial need reveals individual has other resources to meet needs or no longer needs the service; or
- Individual exceeds income eligibility guidelines or other eligibility criteria.

Overpayment

If overpayment to an individual occurs, the Service Providers will include, at a minimum, the following action(s) as appropriate:

- Deductions of the overpayment from future payments; or
- Written notification(s), via certified mail, of the overpayment and reasonable repayment arrangements to collect;
- If overpayment is not recovered after sufficient notice via certified mail, the participant will be notified that legal action may be taken unless repayment is received within 30 calendar

- days; and
- If overpayment is not recovered, the participant will not be eligible for any support service until such funds are repaid.

Contracted Service Provider Action Required

Contracted Service Providers will establish support service procedures according to the policy stated above and consistent with the regulations of each specific funding source. Procedures will remain on file and be provided to all appropriate Career Center staff and any subcontractor or training provider who may be affected. The Contracted Service Provider will ensure that all Career Center staff and subcontractors are trained on the support service policy and procedures, as appropriate

M. PROCEDURES:

Determination of Need

Support services shall not be provided without an individual participant's determination of need. The net result of this determination must validate the need and amount of any services awarded.

Procedures to determine an individual's need, at a minimum, should include:

- Determination of the individual's financial need for the service(s);
- Justification of service(s);
- Support of the final decision to provide or deny requested service(s);
- Assurance that the amounts paid for the various allowable support service items are reasonable and consistent with Board, Federal and State regulations;
- Provisions to ensure services being paid for are not otherwise reasonably available to the individual from other resources;
- Provisions to ensure the financial information provided by the individual is reasonably accurate;
- Requirements that a re-assessment and update of participants' financial data be complete prior to issuing a new voucher for support services; and
- Requirements for recurrent payments, such as transportation, child care, etc., to ensure continued receipt of support contingent on training attendance and/or performance.
- Assessment and determination to issue allowable post-employment/retention support services must be documented for funding streams allowing post-employment/retention support services.

Documentation

Documentation of resource exploration and rationale for approval, non-approval, and termination of support services provided to individuals will be entered in TWIST for tracking purposes. The participant's IEP will also support the services the participant needs to be successful. Referral to other community resources and results of those referrals are also to be apparent in the file.

Allowable support services that are limited to a one-time expense require documentation in TWIST and the support service voucher that states the date of the last time the individual received the one-time payment or states no payment received in the last 12 months. The date last received must be at least 12 months from the date the request is made.
